

Airports H 1211

1. General rule. Assign the heading **Airports** (*May Subd Geog*) to works that discuss collectively the airports, airfields, etc., that serve the city or region. *Example:*

Title: Air facilities, 1967, Washington metropolitan area.
650 #0 \$a Airports \$z Washington Metropolitan Area.

2. Individual airports. To works that discuss a specific airport, assign the corporate name heading for the individual airport. If the work discusses the physical plant of the airport, including the terminal building(s), runways, etc., also assign the heading **[city]-Buildings, structures, etc.** for the major city (or cities) that the airport serves. *Examples:*

Title: Gateway to the world : the illustrated story of the London Airport.
610 20 \$a Heathrow Airport.
651 #0 \$a London (England) \$x Buildings, structures, etc.

Title: A giant in Texas : a history of the Dallas-Fort Worth Regional Airport controversy, 1911-1974.
610 20 \$a Dallas-Fort Worth Regional Airport \$x History.
651 #0 \$a Dallas (Tex.) \$x Buildings, structures, etc.
\$x History.
651 #0 \$a Fort Worth (Tex.) \$x Buildings, structures, etc.
\$x History.
